

## Triplar Limited - Sustainability Policy

Triplar Limited aim to follow and promote good sustainability practice, to reduce the environmental impacts of all our activities and to help our clients to do the same. We further aim to integrate sustainability considerations into all our business decisions.

Our Sustainability Policy is based upon the following principles:

### **Sustainability**

- As far as possible source sustainable materials.
- Comply with all relevant environmental legislation and regulations.
- Reduce our waste, energy consumption & CO<sub>2</sub> output at manufacturing facilities and on-site.
- Recycle waste output from office and communal areas.
- Provide customers with a range of material options (including sustainable solutions) at the specification stage of projects.
- Continuously review our processes to reduce our environmental impact.

### **Clients**

- Conduct ourselves with honesty, integrity and transparency.
- Provide excellent customer service.
- Deliver best value at all times.
- Establish mutually beneficial partnerships.
- Be proactive in our approach to client needs.

### **Employees**

- Adhere to, and exceed, all local health and safety standards.
- Promote personal development and training.
- Encourage a creative, free-thinking working environment.
- Nurture a fair and approachable management team.
- Offer flexible working conditions.

### **Suppliers**

- Only work with suppliers who share our values.
- Establish mutually beneficial partnerships.
- Encourage and aid suppliers to adopt high standards of sustainability and health and safety.
- Offer fair payment terms to all suppliers.

### **Local Community**

- Source products and services locally wherever possible.
- Recruit staff locally.
- Respect our neighbours and the local environment.
- Support local charities and causes.
- Encourage staff participation in local projects.
